INVESTING IN
FUTURE
GENERATIONS

Serving Families with
Children
3 to 5 years of age

WE BELIEVE THAT EVERY CHILD
DESERVES A HEAD START!

OUR MISSION

FSIP, Inc. Head Start will deliver high-quality, comprehensive, early childhood services that focus on the total needs of the child and family, both within an educational setting and within the community. We are committed to working in partnership with others to strengthen and empower families and communities that respect each individual's unique values and cultures.

VISION STATEMENT

Healthy People,
Sustainable Communities,
Vibrant Cultures

CORE VALUES

- << Action >>
- << Effectiveness >>
- << Honesty >>
- << Respect >>

OUR PHILOSOPHY

FSIP, Inc. Head Start Early Learning Program operates with a philosophy of service to children, parents and our community.

For **Children**, the program offers a safe. Supportive environment that encourages creativity and positive self-esteem. We have a holistic approach to learning through play including activities that are age-appropriate, culturally sound and educational in nature. We also offer a nutritious breakfast and lunch for our children.

For **Parents**, the program offers free preschool services for their children along with many ways to get involved. We also offer our parents a opportunity to serve on the parent committees and on the Policy council.

For the **Community**, the program provides support for families through our collaborations with behavioral health, WIC, CACFP, BPS, and other LEA's.

EDUCATIONAL PERSPECTIVES

We believe that each child is a unique and marvelous human being who comes with his /her own set of temperaments, learning style, strengths, interests and needs. As such he or she deserves our respect, attention, concern and the best individualized educational experiences we can offer in a group or individual setting.

We believe that children learn through play, and so it is of extreme importance that a child's play environment be designed as a safe, healthy learning environment, attended by caring adults who provide developmentally appropriate educational opportunities for each child every Head Start day.

We believe that to be better prepared for school, all children need :

- Responsive adults
- Caring and continuous relationships
- A sense of security
- The opportunity to develop trust
- Regulations that promote nurturing practices
